12:00 Lunch

Following lunch Edgenuity will be presenting.

As a company of educators, we believe that all learners can achieve their full potential and student success starts with the teacher.

That's why we focus on providing the tools and resources teachers need to leverage technology in ways that improve student outcomes and deepen the relationship between student and teacher.

We've seen firsthand that all districts, schools, and students have unique needs that can't be met with a one-size-fits-all solution.

With that in mind, we dedicated our efforts to creating powerful, flexible products and solutions that give educators more ways to manage and customize their programs, while giving students the personalization and engagement they need to succeed.

But it doesn't end there; we work side-by-side with our school and district partners every step of the way to ensure they have the support they need to achieve their goals.

Our core values will be governed by the BOCES overall importance to become a "Culture of Excellence"

- 1. We recognize that children are the cornerstone of building the future.***
- 2. We build relationships with integrity.***
- 3. We promote opportunities to maximize student progress through teamwork and communication.***

Next Meeting date is November 12, 2019.
