

CogAT Interactive Ability Profile System

Every student assessed with CogAT receives an **Ability Profile** score that highlights both the level and pattern of a student's ability. CogAT is unique in offering this score, which helps provide educational guidance for all students, not just those with high ability.

Educators will be able to visit this page, enter a student's profile, and receive:

- General characteristics of learners with this profile
- Instructional strategies tailored to the individual profile
- Additional lists of resources and support materials

This site will help teachers, counselors, and parents interpret the **CogAT Ability Score Profiles** for their students.

To use the site:

- Visit **www.cogat.com** and select "ability profile" on the tabs or click on the link <http://www.hmhco.com/cogat/cogatprofile>
- You should be taken to the **CogAT Ability Profile Page** (screenshot below).
- Follow the directions on the screen for entering your score profile.
- Once you enter your profile and click SEARCH, an interpretation of the score will be provided.

Cognitive Abilities Test™ (CogAT®) Form 6 and Form 7

Interactive Ability Profile Interpretation System

This site was built to enable teachers, counselors, and parents to interpret the Cognitive Abilities Test™ (CogAT) Ability Score Profiles for their students.

GO TO COGAT 7

▶ **A Note to Parents**

Direction

Enter a student's ability profile in the appropriate drop down boxes (see sample for clarification). Once complete, click search, and an interpretation of the score will be provided.
