

ACTIVITY 14

Directions: Fill in the chart using Y for yes or N for no as you solve the puzzle.

	4	5	6
			
			
			

An alligator, a boy, and a girl are all different ages.
Use the clues and the chart to find each one's age.

1. The alligator is no longer four.
2. The boy was four two years ago.

Answers

Page 14

	4	5	6
	N ₁	Y ₂	N ₂
	N ₂	N ₂	Y ₂
	Y ₂	N ₂	N ₂

Clue 1, which says that the alligator is no longer four, means it was four at one time, so now must be either five or six. Clue 2 says that the boy was four two years ago, which makes him six now. The alligator is five and that makes the girl the only age left: four.
