

My wife does all the hunting,
While I just lie around;
My loud roar tells you I'm king,
My mane looks like a crown.

What am I?

Across the frozen North,
I hunt with my pack;
We're searching for a herd,
That we can track.

What am I?

I will gather some nuts,
And I start with S;
See my bushy tail,
Am I hard to guess?

What am I?
